Date : Sep 14, 2017

Travoline, a leading hotel booking portal launches its new website Tripdunia.com to reflect its hotel booking services focusing the customers in India.

Global travel service provider, Travoline has introduced its new site tripdunia.com to expand its presence to the Indian customers. Tripdunia will soon have more enhancements made to make it look more regionalized to ensure the travelers more comfortable to book their travel itinerary.

Tripdunia will fulfill the domestic and international travel needs including the hotels, flights, car rentals and vacation packages. Also any specific domestic travel requirements by the customer's offline, would be addressed by the backend team. Currently, the site uses the Travoline booking engine and soon will start having its own customized booking engine partnering with leading hotel booking, airline service providers in India.

"Being based out in India, with our new website Tripdunia.com we are expecting a great reach in the travel category with broader offer as well as attracting more potential and high value Indian Customers," said Nishanthi, Director of Travoline. "At present, there are over 14 Lakhs hotels listed domestically and internationally via our major network of partners. We are striving to provide the travel itinerary at fair market prices, be it hotels, airline tickets, car rentals or vacation packages, to ensure satisfaction of the customers." She added.

The website will list the rapidly changing travel deals and also will house inspiring travel articles for user engagement providing information about the places to visit in India, things to do, holiday travel ideas and many more. Most of the customer travel either for leisure or business. To cater to leisure travel needs the pre-requisites are addressed ready in this website. For business and corporate travelers, they can either book their itinerary online or reach out to Tripdunia for direct bookings.

Our vision is to become one of the top travel websites catering the diverse travel needs of the customers across the globe. With this vision, we are connecting with different travel service provider worldwide which would enable us to build the scale as well as negotiate for the best prices in the market for our customers.
