

San Diego locksmith offers tips to the success of their locksmith business.

Date : Jan 11, 2018

Popular San Diego locksmith "Prestige Locksmith" gives an interview to media to describe exactly how they have grown their small one man operation into what it is today within such a small span of time.

Jan. 11 2018 San Diego, California " Popular San Diego locksmith "Prestige Locksmith" gives an interview to media to describe exactly how they have grown their small one man operation into what it is today within such a small span of time. For the last 10 years Prestige Locksmith has been serving the San Diego area. Over that span of time the business has grown to gain massive success. Mr. Lavy the owner of Prestige Locksmith reveals some of the many things that has made his locksmith business so successful.

"Since I was a little kid I had always wanted to be a locksmith. The mystery. The challenge. There is so much to like about locksmithing. When I first began out as a locksmith in San Diego I had all the right tools and schoolroom training but I lacked the experience that I have now, and wow what a difference that 10 years makes!" Mr. Lavy said in an interview with media.

The company has grown from a one man operation ran by Shy Lavy into a business of 7 vans and numerous trained technicians on standby to assist motorists and property owners all across the beautiful city of San Diego that we call home.

"What more can a guy like me ask for; I mean, this place is so beautiful. The climate is perfect. And most importantly the people are wonderful. And I get to drive all over San Diego living and working in the community. This is what I will always do." Shy continued.

The company has utilized several sales and marketing strategies over the years to grow so quickly. Some of the strategies are really awesome and cutting edge. From the social media pages, running blog, to the mobile website, Prestige Locksmith is state of the art.

"I always knew social media was hot. From the beginning I have had a facebook page. Also, the blog on our website is always updated with new information related to San Diego locksmiths. More so, I always tell my valued customers to like our social media pages and to post an update about us so that their friends and family will also use our services. All in all the cost savings using these strategies are what have propelled our locksmith business into the wonderful business that it is today."

Prestige Locksmith would like to invite interested persons to their Facebook page in order so that their locksmith services and photos of the technicians at work and on the job in San Diego. Visit the page right now. <https://www.facebook.com/prestigelocksmithsandiego>
