Morrisville, NC " January 22, 2018 " Joseph Foster International Ministries will present its annual Outrageous Ladies Experience, a women's empowerment conference, at Le Meridien Atlanta on February 9. Doors open at 10:00 AM. The event, which was designed to serve as an opportunity to combine faith, learning, and fellowship, has already drawn the interest of hundreds of passionate, purpose-driven Christian women from across the country.

"Outrageous Ladies is a gathering of dreamers. I have endeavored to put together a lineup of speakers which will empower attendees to succeed in every aspect of their life," said Dr. Joseph Foster, CEO of Outrageous Living and host of the conference. "There's no way to describe our speakers other than pinnacles of success. They are master strategists who are well equipped to help attendees make sustainable, life-altering changes, which will enable them to follow their dreams, utilize untapped potential, and pursue previously unknown destinies," he continued, noting the attendance of award-winning actresses and the CEO of the world's only 100% female-owned oil company.

At the conference, Foster is also slated to announce the release of his latest book, Outrageous Dreamers. Based out of North Carolina, Dr. Foster serves as an executive life coach and highly sought-after international speaker, empowering business and ministry leaders from around the globe.

His passion for helping women realize their dreams is affirmed by conference speaker Rainah Davis, CEO of Raindrop Brand. "In the fall of 2016, I lost my job. With only a single interview after sending out more than 200 resumes, I made a decision that changed my life. Yielding an income of \$80,000 in my first year and transforming my side hustle into my main squeeze, I was able to touch lives and take care of my family. Now, my life goal is to empower every single woman to be able to activate her dream and chart her own destiny," she said.
