

Global CBCT Dental Imaging Market Sales, Consumption, Demand and Forecast 2023

Date : Apr 18, 2018

The Global market is expected to reach USD 817.5 million by the end of the forecast period and is expected to grow at a CAGR of 9.8%.

Bharat Book Bureau Provides the Trending Market Research Report on "Global CBCT Dental Imaging Market Research Report- Global- Forecast to 2023" under Life Sciences category. The Global market is expected to reach USD 817.5 million by the end of the forecast period and is expected to grow at a CAGR of 9.8%.

[Global CBCT Dental Imaging Market](#) Information, by Type of Detector (Flat Panel Detectors, Image Intensifier), by Application (Dental Implants, Endodontics, Orthodontics and others) by End Users (Hospitals & Dental clinics, Academic & Research Institutes and others) - Forecast to 2023

Market Synopsis of Global CBCT dental imaging market:

Market Scenario:

Dental cone beam computed tomography (CT) is a special type of x-ray equipment used when regular dental or facial x-rays are not sufficient. The technology is used to produce three dimensional (3-D) images of the teeth, soft tissues, nerve pathways and bone in a single scan. The CBCT dental imaging industry is growing rapidly. The increasing use of 3D radiographic imaging in orthodontics and increasing adoption of CBCT imaging by dental professionals has boosted the revenue of this market.

The Global market is expected to reach USD 817.5 million by the end of the forecast period and is expected to grow at a CAGR of 9.8%.

Study Objectives Global CBCT Dental Imaging Market:

- To provide detailed analysis of the market structure along with forecast for the next 6 years of the various segments and sub-segments of the global CBCT dental imaging market
- To provide insights about factors affecting the market growth
- To analyze the market based on various factors- price analysis, supply chain analysis, porters five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries.
- To provide country level analysis of the market with respect to the current market size, volume, average selling price and future prospective
- To provide overview of key players and their strategic profiling in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market
- To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments globally.

Intended Audience

- CBCT Device Manufacturers
- CBCT Device Suppliers

- Private Research Laboratories
- Research and Development (R&D) Companies
- Market Research and Consulting Service Providers
- Medical Research Laboratories

Key Finding

- The Global CBCT dental imaging market and is expected to reach USD 817.5 million by 2023.
- Regionally, North America holds the largest market share of global CBCT dental imaging market and is expected to reach USD 326.6 million by 2023.
- Asia-Pacific market is expected to be the fastest growing market, and expected to grow at a CAGR of 12.1% from 2016 to 2023

Key Players for Global CBCT dental imaging market:

Some of the key players in this market are: Carestream Health (US), Dentsply Sirona (US), FONAR Dental, S.R.O., Gendex, Imaging Sciences International, LLC (US), J. Morita MFG.CORP. (Japan), KaVo Dental GmbH (Germany), NewTom, Planmeca OY, Prexion (US), Sinclair Dental/Dentaire (Canada), SOREDEX (Finland), Vatech Networks (Republic of Korea) and others.

Segments:

Global CBCT dental imaging market has been segmented on the basis of type of detector which comprises of flat panel detectors, image intensifier. On the basis of application the market is segmented into dental implants, endodontics, orthodontics and others. On the basis of end users the market is segmented into hospitals & dental clinics, academic & research institutes and others.

Regional Analysis of Global CBCT dental imaging market:

North America is the largest market for CBCT Dental Imaging market. The U.S. market for CBCT dental imaging is expected to grow at a CAGR of 11.0% and is expected to reach at USD 326.6 million by the end of the forecast period.

Europe is the second-largest market for CBCT dental imaging which is expected to grow at a CAGR of 11.7%. Asia Pacific region is expected to be fastest growing region in CBCT dental imaging market.

The report for Global CBCT Dental Imaging Market of Market Research Future comprises of extensive primary research along with the detailed analysis of qualitative as well as quantitative aspects by various industry experts, key opinion leaders to gain the deeper insight of the market and industry performance. The report gives the clear picture of current market scenario which includes historical and projected market size in terms of value and volume, technological advancement, macro economical and governing factors in the market. The report provides details information and strategies of the top key players in the industry. The report also gives a broad study of the different markets segments and regions.
