06, January 2018:Â Founded in 2012, EmLovz is a San Francisco-based dating coaching company designed to help smart, hard-working men find and attract their perfect partner. Operated by co-founder and dating coach Emyli Lovz, EmLovz offers private, one-on-one Skype coaching programs to men all over the world.Â

The first step for men who want to achieve their dating goals with Emyli is to book a New Client Skype Session. This session lasts 50 minutes and is offered at \$25. During the session, youâ€™ll discuss your dating roadblocks, create an action plan, and learn about her Signature and VIP coaching programs.Â

Emyliâ€™s 3-Month Signature Program is targeted towards men who want to improve their dating skills and eventually find a girlfriend. Each week, clients complete video modules and meet with Emyli for 50 minute Skype sessions to discuss their dating roadblocks. The cost of the Signature Program is \$1197.Â

Emyliâ€™s 12-Month VIP Program is an advanced package for men who are already getting dates with women but who feel like they are settling for women that they arenâ€™t REALLY excited about. The goal of this program is for clients to find their ideal life-partner or wife. The program includes weekly Skype sessions, video training modules, online dating profile optimizations, a professional photoshoot, and email support for questions that arise between sessions. The cost of the VIP Program is \$6997.Â

"The action plan we created together really paid off. Emyli helped me realize that I had to love myself first and really accept my own unique style. Well here I am 12 months later, not only engaged (my original goal) but I just got married to the most amazing, beautiful woman. Thank you so much for everything. You might not always realize how much impact your words may have but they sure made a difference for me. Thank you" - SaadÂ

EmLovz.com also features a generous selection of articles that offer fantastic dating advice. From first date tips, to online dating and conversation strategies, the articles offer actionable advice that men can implement right away to increase their success with women.Â

Emyli has been featured on Business Insider and is a well-renowned dating coach who is regarded as an expert on the subject. Having started her coaching career in 2005 as a wellness coach, Emyli found herself single in 2010 with a curiosity for the dating world. During her studies at UC Berkeley, Emyli conducted a 100-date experiment that she treated like a research project. The findings from the experiment laid the groundwork for EmLovz.com and the teachings she now shares with her clients.
